## PERSONAL STATEMENT

---

Full-Stack Developer with First Class Honours in Web & Mobile Development. Skilled in building responsive, accessible, and user-focused applications mainly using React, JavaScript, Node.js, Express, and databases like MongoDB and PostgreSQL, with Jest for testing. Experienced in Agile teamwork, problem-solving, and delivering real-world projects. Highly motivated, adaptable, and always eager to learn and improve. Additionally, I bring experience in public health, strengthening my skills in teamwork, problem-solving, data analysis, and collaborating with diverse stakeholders. I'm eager to contribute to dynamic Agile teams while continuing to grow as a software developer.
